Hi Eugenia,

Thank you for your patience.

As we previously discussed, there is a notice requirement on our current order form for service between our companies. Considering that we are currently in discussions regarding changing the terms of our agreement we are formally required to send this letter attached prior to the renewal.

This is not that we want to discontinue business together. To the contrary we are deeply invested in our partnership and look forward to working together on the new terms and for years to come.

Can you please respond that you have received this and that it is acceptable as notification.

Best regards,
Luke

Hello Jose, I am well, I hope you are too.

Please let me know when we can discuss the status of Advance Vaulting again. Here is my calendar.

The product and engineering team tells me they are ready to turn on Mastercard NT, so we should put the agreement in place as soon as possible.

<https://calendly.com/luke-e>

And for the renegotiation of the overall Spreadly service, yes we can begin to talk about it.

Hello Eugenia, it's nice to meet you. Please let me know if you have something to share here in email, or you would like to do a call.

Best regards,
Luke

Hi Luke! how are you?

As you know, we are in negotiation for Advance Vaulting pricing. This new Product should be included in the current contract that we have with you.

Also we would like to start de renegotiation for the actual services (due date: May 2024) that we received from you.

In CC Eugenia our Head of Legal who wants to align some formal steps with you before starting the renegotiation process.

Thanks!
Jose
